

StoreIt™

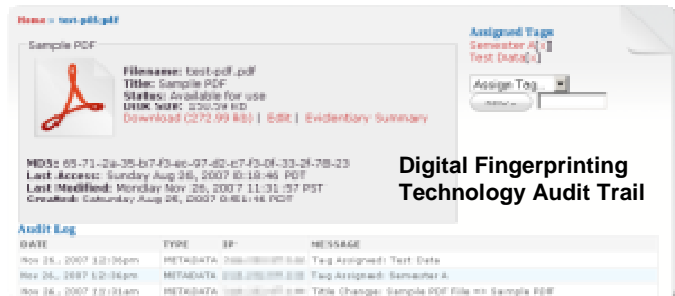

ONLINE RECORDS ARCHIVING

StoreIt™ is our leading product that allows you to archive your records using a proprietary hybrid technology which allows permanent digital storage.

Benefits:

- **Reduce time spent** handling & managing paper
- **Reduce cost** of long-term storage
- **Save money** on printing, filing & supplies
- **Easy digital retrieval** anytime, anywhere
- **Off-site storage** protects against loss
- **Long-term storage** satisfies retention policies
- **Store** for compliance, litigation & historical reasons
- **Guarantee authenticity** with third-party witnessing
- **Provide best evidence** in disputes
- **Streamline records storage** through our API

Key Features:

- Worry-free long-term storage for up to 500 years without the fear of obsolescence
- Secure, unalterable and tamperproof records
- Permits disposal of paper copies as per records management policies

Tired of paying expensive monthly fees to store boxes that hold important records? We can help you migrate your paper by converting it into digital records and storing them in StoreIt™.

Did you know...

The average person uses about 10,000 sheets of paper per year, which is about 8 trees? That's about 1,992 lbs in CO2 Greenhouse Gases.

Call us today @ **1.866.273.6898** to start archiving your records with StoreIt™
